Re-arrangement of seats

Mr. President : I have received a request from some hon'ble members that they would like to sit in a separate block and that they have left their respective parties to which they originally belonged. Ordinarily, it is very inconvenient in the middle of the session to re-arrange seats, but as a special case, since this is the first requisition of the kind, I have decided that they should be given a separate block to-morrow. In future, it should be understood that when such requisitions come, it will not be possible in the middle of the session to re-arrange the seats. Apart from that, whenever any hon'ble member wants a seat, separate from the one that is allotted to him on the ground that he has left a particular political party, it is always better that he writes to the Secretary to the Council. Any one sending a common request should obtain the signature of the other members also, so that there may not be any complication in the matter.
